

# Bay Delta Conservation Plan Document Review Comment Form

Please use this form to document your comments to the EIR/EIS Draft Work Plan. Please number your comments in the first column and indicate the page, section, and line number (if provided) that reference the comment's location in the review document.

To be of the greatest value to the document development process, please make your comments as specific as possible (e.g., rather than stating that more current information is available regarding a topic, provide the additional information [or indicate where it may be acquired]; rather than indicating that you disagree with a statement, indicate why you disagree with the statement and recommend alternative text for the statement). Do not enter information in the Resolution column.
